*Subject: SleepSafe® Beds and the Supreme Air™ Alternating Pressure Mattress with Low Air Loss – Model 9600*

Dear DME Professional,

**IMPORTANT: A SleepSafe® Bed with the Supreme Air™ Alternating Pressure Mattress with Low Air Loss - Model 9600, requires **TWO QUOTES.****

- One quote from Blue Chip Medical Products, Inc. for the Supreme Air™ Alternating Pressure Mattress with Low Air Loss - Model 9600
- One quote from SleepSafe® Beds

Attached is the requested quote for a SleepSafe® Bed that will contain a Supreme Air™ Alternating Pressure Mattress with Low Air Loss, or for a Supreme Air™ Alternating Pressure Mattress with Low Air Loss retrofitting an existing SleepSafe® Bed in the field.

When ordering the Supreme Air™ Alternating Pressure Mattress with Low Air Loss with a NEW SleepSafe® Bed, provide Blue Chip Medical Products with our quote number for reference. You will also need a quote from Blue Chip for the Supreme Air™ mattress. Two purchase orders will be issued: one to SleepSafe® for the safety bed and one to Blue Chip for the Supreme Air™ mattress. The Supreme Air™ mattress will ship directly to SleepSafe® Beds. We will ship the Supreme Air™ mattress with the bed package. You will not receive our custom SleepSafe® Bed mattress.

When ordering the Supreme Air™ Alternating Pressure Mattress with Low Air Loss to RETROFIT to an existing bed, you will need a “Parts” quote from SleepSafe® Beds. A new footboard will be required with a Tubing Channel Cut-Out located in the center. The serial number is needed to identify the bed model for the “RETROFIT KIT”. A separate quote is needed from Blue Chip for the Supreme Air™ mattress. Two purchase orders will be issued: one to SleepSafe® for the Retrofit Kit and one to Blue Chip for the Supreme Air™ mattress. The Supreme Air™ mattress will ship directly to SleepSafe® Beds. We will ship the Supreme Air™ mattress, Retrofit Kit, and instructions.

- SleepSafe® Bed must have a Tubing Channel Cut-Out located in the center of the footboard to accommodate Supreme Air™ Alternating Pressure Mattress with Low Air Loss - Model 9600.
- SleepSafe® LOW or MEDIUM models, Twin Size, any Foundation and Padded or Non-Padded beds.

Please call 866.852.2337 with any questions or concerns. We value your input and your business!

Sincerely,  
SleepSafe® Beds
