

RETHINKING THE WAY SAFETY BEDS CAN WORK.

The SleepSafe® Manual Safety Bed.

UP FRONT CONTROL AND VERSATILITY.

SleepSafe® II - Medium Bed
Full Size - Cherry

Manual Foundation now offers **four choices** with easy to operate hand cranks.

1) Manual Hi-Lo Combo

This will raise and lower the mattress height and raise and lower the head and knee section of the bed by using the three cranks.

2) Manual Hi-Lo

This will raise and lower the mattress height by using one crank located in the center of the front panel of the bed.

3) Manual Electric Combo

This will raise and lower the head and/or knee section of the bed electrically with remote. Will raise and lower mattress manually.

4) Manual Articulation

This will raise and lower the head and/or knee section of the bed by using two cranks located in the front panel of the bed.

SleepSafe® Beds is a domestic manufacturer of custom safety beds, featuring safety side rails, designed to address falls and entrapment for those that typically need complex care.

SleepSafe® Beds are built to order, offering twin, full or queen sizes. Bed foundations include fixed, articulating or HiLo in electric, manual or electric/manual configurations.
